

# NORTHEAST FLORIDA MUDDY WATER BLUES

## A DEP Technology Transfer Workshop for Erosion and Sediment Control BMPs and the Preservation of Surface Water Quality in Northeastern Florida

The Northeast Florida Muddy Water Blues is an outdoor technology transfer workshop offered by St. Johns County and the Florida Department of Environmental Protection in collaboration with their northeast Florida water quality partners. The one-day workshop is primarily designed for hands on instruction to educate field personnel, developers, contractors, inspectors and citizens interested in learning about proper erosion and sediment control practices and the products that help to protect the Lower St. Johns Basin water quality.
